HIGHWAY FINANCE
County Roads - City Streets

1. Historical Bench-Mark Dates for
Highway Finance in Indiana

- 1905 - Three-Mile Road Law enacted by the Indiana General Assembly, authorizing Boards of County Commissioners to construct or improve local roads in three-mile extensions to existing gravel or stone roads and pay for same by bond issues to be redeemed by a property tax levy in the township of the road improvement. This early highway legislation was an important stimulus for the development of local road systems in Indiana. This method of highway finance was eliminated in 1932 by a prohibition on the use of county and township tax levies to support road improvements.
- 1905 - First Vehicle Registration Fee set at \$1. During the first year 4253 "perpetual" licenses were issued, with the money derived being paid into the state treasury.
- 1913 - Annual Vehicle Registration Fee established with the schedule of fees as follows: Motor Bicycle \$2; Motor Vehicles 25HP or less \$5; 25-40HP \$8; 40-50HP \$15; 50+HP \$20; Electric Vehicles \$3; Commercial Vehicles \$5. Cash Receipts the first year totaled \$532,000 --- paid into State Treasury.
- 1913 - Road Fund created in State Treasury and providing for semi-annual distribution to the counties as follows:
1/3 divided equally; 1/3 divided in proportion to the miles of free gravel or macadam roads; 1/3 divided in proportion to the amounts received for vehicle registration fees.
-

Bench-Mark Dates (contd)

- 1916 - Federal Aid Highway Act passed by Congress, with \$75 million appropriated for construction of "rural post roads" over a 5-year period FY 1917 thru FY 1921, and apportioned to the 48 States: 1/3 area ratio; 1/3 population ratio; 1/3 mileage ratio. Apportionments to Indiana for the 5-year period totaled \$7.4 million or about \$1.48 million per year.
- 1917 - Indiana State Highway Commission created (4-member commission appointed by the Governor) and assigned the responsibility of constructing and maintaining a system of "main market" roads from a state highway fund receiving inheritance tax collections, general fund appropriations of \$100,000 in FY 1917 and \$500,000 in FY 1918, and Federal-aid highway funds.
- 1919 - State Highway Commission statute amended to require the Commission to layout, construct and maintain a system of "main market" roads reaching every county seat and city or town having a population of 5000 or more. The State Highway Fund to carry out this program was expanded to include motor vehicle registration fees and a state-wide property tax levy of 10¢, in addition to the inheritance tax and Federal-aid fund apportioned to Indiana. No provision was made for any allocation of these revenues for local roads and streets.
- 1919 - Registration Fees for Motor Vehicles revised to provide a fee schedule for trucks by Load Capacity; little or no change in passenger registration fees. For trucks, the lowest fee was \$6 for 1/4-to3/4-ton capacity; the highest fee was \$50 for 7-1/2-to-10-Ton capacity. Trucks over 10-Ton capacity were not permitted to use highways.

Bench-Mark Dates (contd)

- 1923 - First Indiana Gas Tax of 2¢ per Gallon Levied with revenues credited to a Gasoline Fund, from which the Counties received a distribution of \$500,000 in 1923 and \$1 million annually beginning 1924: 1/2 equally and 1/2 in proportion to the miles of free gravel or macadam and county unit roads. The remainder of the revenues in the Gasoline Fund were credited to the State Highway Fund.
- 1923 - Registration Fees for Passenger Vehicles and Trucks revised and increased on the basis of Horsepower, Weight of Vehicle and Load Capacity. Inheritance tax revenues returned to the State General Fund.
- 1925 - State-Wide Property Tax (10¢) Eliminated and Gasoline Tax increased to 3¢ per Gallon. Proceeds divided 2/3 to State Highway Fund and 1/3 to a Local Gasoline Fund for Counties-Cities-Towns; 3/4 of the Local Gasoline Fund distributed to Counties; 1/2 equal and 1/2 in proportion to the miles of free gravel or macadam and county unit roads; 1/4 of the Local Gasoline Fund distributed to Cities and Towns in proportion to their Population.
- 1929 - Gasoline Tax increased to 4¢ per Gallon. Proceeds 3/4 to State Highway Fund and 1/4 to Local Gasoline Fund for Counties-Cities-Towns, which was distributed to Local units the same as the 3¢ (1925) Gas Tax.
- 1932 - Township Roads Systems Abolished and transferred to the jurisdiction of the Boards of County Commissioners in each respective County.
- 1932 - Tax Levies and Bond Issues (payable by taxation) Prohibited for the purpose of construction or improvement of county roads. Previous to this date county and township tax levies were an important source of revenue for the construction, maintenance, and repair of county and township roads and bridges. The following tabulation summarizes Indiana road tax monies for 1900-1950.

Bench-Mark Dates (contd)

INDIANA COUNTY & TOWNSHIP ROAD TAX COLLECTIONS

(Including Bond & Interest Taxes)

State-Wide Annual Totals for the Year Indicated

1900 - \$ 3,271,212	1920 - \$13,954,144	1940 - \$2,835,364
1905 - \$ 3,667,045	1925 - \$13,808,570	1945 - \$ 623,065
1910 - \$ 7,239,109	1930 - \$24,483,171	1950 - \$ 171,822
1915 - \$10,827,570	1935 - \$ 8,028,852	1953 - Bonds Paid Off

1932 - Motor Vehicle Fund created and credited with all collections for vehicle registrations, chauffers licenses and notary fees. This fund was divided 1/2 to the State Highway Fund and 1/2 to Local Units as follows: Counties: $4/5 \times 1/8$ by total county population $4/5 \times 7/8$ by county road mileage. Cities + Towns: 1/5 by city and town population. Previous to this date motor vehicle registration fees were credited solely to the State Highway Fund.

1932 - Gasoline Fund created the proceeds divided 1/2 to the State Highway Fund and 1/2 to Local Units with the distribution to Counties, Cities and Towns the same as for the 1932 Motor Vehicle Fund.

1933 - Motor Carrier Permit and Weight Tax Established for trucks hauling for hire. Permit fee set at \$1 per truck vehicle with collections credited to the state general fund. The weight tax was set at \$1 per 100 pounds of actual gross weight (motor trucks, tractor, trailer or semi-trailer), fully equipped for freight transport, with collections credited to the State Highway Fund.

1935 - Motor Carrier Registration Fees Established for trucks and buses hauling for hire. Schedule of fees for common carrier certificate and annual registration fees set at \$25 and \$12, respectively. All such fees deposited in the Motor Vehicle Fund.

Bench-Mark Dates (contd)

- 1937 - Motor Vehicle Highway Account created to receive all highway user taxes and fees collected by the State and thus simplify the management of revenues dedicated to highway use. The State Auditor was authorized to distribute monies from the "account" to the State, Counties, Cities and Towns by formula. Even though the original 1937 MVHA formula has been revised four (4) times, the present distribution formula has remained intact since 1949. The gross collections of highway-user taxes and fees deposited in the MVHA for 1976 was \$283 million.
- 1944 - Federal-Aid Highway Act of 1944 authorized Federal-aid funds for a system secondary or feeder roads to be selected and agreed to by County Commissioners, the State and Federal Governments. Federal regulations required at least 50 percent of each State's FAS apportionment be made available to the County FAS system. Indiana's first apportionment of FAS funds in 1946 was \$3.6 million.
- 1956 - Federal Highway Revenue Act of 1956 created a Highway Trust Fund to support the cost of constructing a system of Interstate Highways authorized by the 1956 Federal-Aid Highway Act. The Highway Trust Fund receives the 4¢ Federal gas tax plus other taxes on truck and automotive accessories. The current annual income of the Trust Fund is approximately \$7 Billion of which \$4.5 Billion is generated by the 4¢ Federal gas tax. In recent years, Trust Fund monies have been authorized for several categories of Federal-aid highway improvements available to Counties-Cities-Towns.
- 1957 - Gasoline Tax increased to 6¢ per Gallon with no change in dedicated uses or distribution to State and Local Units.

Bench-Mark Dates (contd)

1969 - Gasoline Tax increased to 8¢ per Gallon along with selective increases in fees for Motor Vehicle Registration and Operation.

1969 - Local Road and Street Account (LRSA) and Primary Highway System Account (PHSA) established to receive the 7th and 8th cent gas tax plus increases in fees of motor vehicle registration and operation authorized by 1969 legislation. The LRSA receives 45% of these revenues for formula allocation to Counties-Cities-Towns; the remaining 55% is dedicated to state highway use on the Federal-Aid Primary and Secondary Systems. The use of both LRSA and PHSA funds is limited to Construction, Reconstruction, Engineering and Right-of-Way Acquisition. In 1976 the LRSA received \$40.1 million and the PHSA received \$48.9 million.

2. Motor Vehicle Highway Account - MVHA is an account of the general fund of the State of Indiana which is credited with the collections of the first six cents (6¢) of motor fuel and fuel use taxes plus the statutory fees for motor vehicle registration and operation established prior to 1969. After certain deductions are made for administrative and other expenses, as provided by statute, the State Auditor makes a monthly distribution of the MVH funds to the State, Counties, Cities, Towns. The statutory formula used for this distribution is shown in the chart-diagram on the page that follows.

The MVHA provides the principal source of funds for the overall operation of the State Highway Department, the County Highway Departments and the City and Town Street Departments. These funds provide for the purchase of materials, labor and/or equipment required for the maintenance and construction of highways, roads, streets and bridges throughout the State.

3. Local Road and Street Funds - These funds often identified as LRS funds were established by the 1969 Indiana General Assembly (Acts 1969, Chap 392). LRS funds flow from the Local Road and Street Account which is a special account of the general fund, credited with:

45% of revenue from 7th & 8th cents motor fuel tax and fuel use tax (Acts 1969, Chap 319 and 320), plus

45% of revenue from increases in fees of motor vehicle registration and operation enacted by 1969 legislation (Acts 1969, Chap 321)

LRS Funds are dedicated exclusively to Right-of-Way, Engineering, Construction or Reconstruction of ROADS and STREETS located on the ARTERIAL ROAD and STREET SYSTEMS of Counties, Cities and Towns; EXCEPT THAT:

- (a) LRS funds may be used for the engineering, construction or reconstruction of BRIDGES located on ANY ROAD or STREET
- (b) Cities and Towns of less than 10,000 population may expend LRS funds on ANY ROAD or STREET under their Jurisdiction.
- (c) Counties may expend LRS funds for Right-of-Way Acquisition on ACCESS ROADS to Reservoirs or Recreation Areas.
- (d) LRS funds may be used for the payment of principal and interest on BONDS sold to finance approved road, street, or bridge projects.

The statutory formula used by the State Auditor in making the monthly allocation of LRS funds to Counties, Cities and Towns is shown in the chart-diagram on the page that follows. Consult HERPIC publication, "GUIDELINES, Local Road and Street Funds ***", July 1977, for additional details on the application procedure and use of LRS funds.

ALLOCATION FORMULA FOR LOCAL ROAD AND STREET FUNDS

Generated by Acts 1969, Chap 392

\$90 Million --- Estimated Revenue Yield for 1977
(7th & 8th cents Gas Tax + Registration Increase)

55% credited to
Primary Highway System Special Fund
(\$49.5 million est.)

45% credited to
Local Road and Street Account
(\$40.5 million est.)

Allocated to Indiana State Highway Commission
for Engineering, Land Acquisition, and Construction
on Federal-Aid Primary and Secondary Systems

Allocated to Counties, Cities and Towns
for Engineering, Construction and Reconstruction
of Road, Street and Bridge Projects

Allocation to 92 County Units
and 560+ City and Town Units
based on a 2-Level Formula

1st
Level

92 COUNTY-WIDE ALLOCATIONS
divided on ratio of
County Registration of Passenger Cars
(92 COUNTIES)

2nd
Level

ALLOCATIONS TO COUNTY, CITY AND TOWN UNITS	
Counties More Than 50,000 Population:	Counties Less Than 50,000 Population:
60% divided on ratio of Population	20% divided on ratio of Population
40% divided on ratio of Mileage	80% divided on ratio of Mileage
(23 COUNTIES)	(69 COUNTIES)

INDIANA COUNTIES OVER 50,000 POPULATION
(all others under 50,000)

2. Allen
3. Bartholomew
10. Clark
18. Delaware
20. Elkhart

64. Porter

41. St. Joseph
79. Tippecanoe
82. Vanderburgh
84. Vigo
89. Wayne

4. Primary Highway Special Account (PHSA) - The remaining 55% of revenue from the 7th & 8th cents motor fuel tax and increases in motor vehicle fees is credited to the PHSA. These funds are allocated to the Indiana State Highway Commission to be used exclusively for engineering, land acquisition and construction of highway projects on the State's Federal-Aid Primary and Secondary System and for right-of-way acquisition on County ACCESS ROADS to Reservoirs or Recreation Areas. The use of funds from the PHSA for the payment of wages, salaries or compensation of State or Highway Commission employees is expressly prohibited.

5. Exhibits A thru F - Historical statistics on the Receipts, Expenditures and Distribution of MVHA and LRSA Funds are presented in Exhibits A thru F. These statistics are included to show current trends in state-collected, highway-user revenues available for the maintenance and construction of County Roads, City Streets and State Highways. These data and statistics will be of special interest to highway-user groups in weighing the needs for additional highway revenues for Indiana's Highways, Roads, Streets and Bridges.

6. MVHA & LRSA Data for Indiana's Counties, Cities and Towns - The remainder of this publication is devoted to a listing and analysis of data used in the distribution and allocation of highway-user revenues (MVHA & LRSA) to all of Indiana's Counties-Cities-Towns. The county listings of Population, Mileage, Registration and Revenue Allocation are presented in alphabetical sequence by county name. The county listings are followed (last page) by a summary of STATE-WIDE TOTALS.
